**BILLION DOLLAR
COAL AGENCY**Started at Pittsburg—Would
Lump Sale of Coal.KENTUCKY COAL OP-
ERATORS REPRESENTED.

Pittsburg, March 29.—A selling agency, representing coal operators, aggregating more than \$1,000,000,000 in coal property, was given its start here today, when the United States Coal Exchange was organized. The nominal capital is \$500,000, which will be increased. Bituminous coal operators in Pennsylvania, West Virginia, Ohio and Kentucky were represented. It is the intention of the United States Coal Exchange to take charge of the selling of coal of the entire bituminous coal output of the Appalachian Chain so as to steady the market, which the promoters claim has been abnormally low for many years past, due, they declare, to excessive competition.

George J. Gans, an extensive holder of coal properties, of Uniontown, Pa., presided over the meeting, which was held in the Union Bank building. Twenty of the largest coal operators in the bituminous district were represented at the meeting today. Mr. Gans was elected temporary chairman and the exchange will elect a board of twenty-five directors at the next meeting, which is to be held within two weeks.

Coal to be Graded.

It is also the intention of the exchange to grade coal according to quality and to sell coal hereafter by specifications, such as the number of heat units, ash contents, volatile matter and carbon. The new organization has engaged a suit of offices in the Oliver building. The backers are among the largest financiers in New York, Philadelphia, Chicago and Pittsburg. All the large West Virginia holdings, which have been the keenest competitors of the Pittsburg and Ohio operators, are among the incorporators. Such large properties as the Pittsburg Coal Company, the Monongahela River Consolidated Coal & Coke Company, the John H. Jones interests and the Fairmont Coal Company are parties to the Coal Exchange.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by Geo. King & Sons.

"Dry" Win in Indiana.

The "dry" element cleaned the slate in Indiana in the second day's local option vote. With the exception of two towns the election went against the liquor element.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of **BALLARD'S SNOW LINIMENT**. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated, drug department.

Loving Cups Presented.

Silver loving cups were presented to Congressman John W. Lohgley and Joseph L. Rhinock, of Kentucky, in New Orleans last night in appreciation of their efforts to aid New Orleans in her recent fight to secure the Panama Canal Exposition.

**W. J. BRYAN COMPLIMENTS
KENTUCKY AUTHOR**

Writes Personal Letter to Rev. C. F. Wimberly, of Madisonville.

Rev. C. F. Wimberly, pastor of the Methodist church at Madisonville, and author of that splendid book, "The Vulture's Claw," has received a letter from Wm. Jennings Bryan complimenting him very highly on his work. Any one who has not read "The Vulture's Claw" has missed something good and should secure a copy now. The book can be found on sale at Sisk Bros. Book Store, Madisonville, and can also be secured from the Free Library here in Earlinton. Following is a copy of Mr. Bryan's letter:

Lincoln, Neb., March 28.
Rev. C. F. Wimberly,
Madisonville, Ky.
My Dear Mr. Wimberly:
I have read "The Vulture's Claw." It is a splendid story. The book should find a place in Sunday schools, libraries and among the books for young people. You have succeeded admirably in combining moral lessons with an interesting narrative. I congratulate you.
Yours truly,
W. J. BRYAN.

**ABOUT FIVE
MILLION DOLLARS**Damage Done State Capitol at
Albany, New York, by Fire.

PRICELESS OLD RECORDS GONE.

Albany, N. Y., March 29.—Five million dollars probably could repair the damage done by fire in the State Capitol today, but money cannot restore the historical records which were the pride of its State library. After examining the exterior walls with a transit, State Architect Ware declared tonight that the massive pile of granite was as plumb and true as ever.

Although the fire started in the northwest corner of the building, it caused the greatest havoc in the southwest corner. Here the red-tiled pointed cupola fell, carrying down part of the carved granite work that supported it and a towering stone chimney. The entire west wall above the second floor was blackened and many of the stone window frames were ruined by the fierce heat. The granite cornice also was ruined. Conservative estimates place the damage to the exterior stone work at \$2,000,000.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by Geo. King & Sons.

Not a Word of Scandal

marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "she told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at all druggists.

Thirty Women Hysterical.

Thirty women suffering from hysteria were taken from a memorial mass meeting for the victims of the Washington Place fire in New York. Plans have been made for a great funeral procession Monday through the streets of the city.

Doctors Said He Would Die.**A Friend's Advice Saves Life.**

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty and was nearly wild with the desire to urinate. Was compelled to do so every ten minutes with passage of pure blood from the urine. I tried all the best doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that I could not tell how I felt. One day a friend told me of the wonderful help she had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

A person doubting this statement can write to me and I will answer them directly.
Yours very truly,
CLYDE F. CAMERER,
Rosalia, Wash.
Subscribed and sworn to before me this 23rd day of July, 1909.

**BRASS POUNDERS ON
I. C. WILL STRIKE**Tomorrow If They do Not Get a 20 Per
Cent Increase in Wages.

A special from New Orleans dated March 20 says:

A general strike on the Illinois Central railroad will be called on April 1, if the demands of the men for a 20 per cent increase in wages is not granted, according to local representatives of the telegraphers. This bears out previous statements of a like nature from the north. It was asserted that a strike vote already had been taken, resulting in 95 per cent of 1,600 men declaring in favor of a walkout. It is claimed by the telegraphers that the road has discharged more than 300 operators within the past few weeks.

The quickest and most effective remedy for loosening the phlegm, relieving irritation and curing any cough or cold is Bloodline Cough Checker. St. Bernard Mining Co., Incorporated, Drug Department, special agents.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

AD-TALK

What would you think of a salesman who reported for duty one day, lay off for two, worked a half day, went off for a week and so on without any regularity? Surely you would not expect good service from such a man. And yet some merchants hold advertising, which is simply a "salesman," up to great results when it is allowed to "work" very irregularly. The fact that advertising costs money is proof of its value. Things without cost are usually worth only their price.

GOOD NEWS

Many Earlington Readers Have Heard it and Profited Thereby

"Good news travels fast," and the thousands of bad back sufferers in Earlington are glad to learn prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

John Franklin, Earlington, Ky., says: "For three years my kidneys were disordered. When I stooped or lifted, sharp twinges darted through my loins and there was almost constant pain in the small of my back. I tired easily, frequently suffered from headaches and was also bothered by dizzy spells. I was caused additional annoyance by too frequent passages of the kidney secretions, it being necessary for me to arise several times during the night. I finally procured Doan's Pills and received such prompt relief from their use that I continued taking them until I was completely cured. I cannot recommend Doan's Kidney Pills too highly."

For sale by all dealers. Price 60 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Four months ago I was cured by Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SADIE MULLEN, 2728 N. D. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

Sowing Dragon's Teeth.

There is today no reason for the suggestion of war between the United States and any other nation.

Yet there is a persistent attempt in certain American newspapers to excite the belief that war between this country and the friendly nation of Japan is not only inevitable but even imminent.

The newspapers that buy readers at such a price are trading in blood. They are seeking personal prosperity at the cost of national misfortune.

There is no reason for war with Japan. There is every reason for peace between us. Japan is as unprepared financially and politically as the United States is from an army point of view.

War between us would not only be a crime against humanity. It would be a colossal destructive blunder.

If the chief of these alarmists, which so enthusiastically favor the initiative and referendum, would try that device among the American and Japanese people, they would get an answer that might shut even them up.

War will not come unless the people are deceived and inflamed by unscrupulous sensationalism. —Chicago Tribune.
